# Your weekly to-do list.

To keep things moving, make these three steps part of your routine:

- **Check your tracker** – Log in each week and see your latest milestones.
- **Take action** – Complete any open tasks right away.
- **Update us** – After speaking with your solicitor, drop us a quick WhatsApp. We'll update our side and step in if needed.

# Your home sale journey.

Think of your Sale Tracker as a roadmap for your property transaction. Here's what the journey looks like from start to finish:

## Offer Accepted

- Great news! An offer has been agreed.
- We create your Memorandum of Sale to make things official and set up your Sale Tracker.

## Paperwork Begins

- Buyer uploads ID, proof of funds, and solicitor details.
- Seller confirms solicitor details.
- Anti Money Laundering (AML) checks are completed securely online.

## Searches & Enquiries

- Buyer's solicitor requests local authority searches.
- Both solicitors raise and answer any legal questions (known as enquiries).
- Survey and mortgage valuation take place (if needed).

## Contracts Prepared

- Draft contracts are issued by the seller's solicitor.
- Buyer reviews documents and raises final questions.
- Both parties work towards exchanging contracts.

## Exchange of Contracts

- Both sides sign the contracts.
- A completion date is agreed.
- The sale becomes legally binding.

## Completion

- Funds are transferred.
- Keys are released.
- Time to move!

Each of these steps appears as a milestone in your Sale Tracker.

You'll always know exactly where you are, what's next, and what's already done.
